SUMMARY

I specialize in building robust applications, designing efficient databases, and integrating systems for enhanced functionality. With a passion for innovation, I stay up to date with the latest technologies to deliver valuable solutions.

As a collaborative team player, I effectively communicate and coordinate with designers, front-end developers, and project managers. Together, we ensure seamless project delivery.

PROFESSIONAL EXPERIENCE

Back-end Developer
Devox Software
February 2023–May 2024

- Creating technical documents and training staff.
- Writing and implementing, clean, scalable code.
